THE SUFFERER'S BEST FRIEND!

HOLLOWAY'S PILLS.

All Disorders affecting the Liver, Stomach, and Bowels.

These Pills can be confidently recommended as the most simple and certain remedy for indigestion, flatulency, acidity, heartburn, colic, constipation, and all the many maladies resulting from disordered stomach or bowels. In all diseases it is of primary importance to set the stomach right. These pills are purifiers, alteratives and strengtheners of the stomach. They may be taken under any circumstances Though powerfully tonic and satisfactorily aperient, they are mild in their operation, and beneficial to the whole system.

Weakness and Debility, Nervous Irritability.

The wholesome effect exercised by these admirable Pills over the blood and fluids generally is like a charm in dispelling low spirits, and restoring cheerfulness. Their general aperient qualities well fit them for a domestic medicine, particularly for females, of all ages and periods of life. They never betray any disagreeable irritating qualities; they quickly eject all impurities from the system, and regulate every function of the body, giving wonderful tone and energy to weak and debilitated persons, while they brace and strengthen the nervous system in a most extraordinary manner.

To Regain Health, Strength, and Vigor.

Whenever persons find themselves in that state termed "a little out of health," and there are so many causes at work to shorten life, it is necessary that Holloway's Pills, the finest purifier of the blood ever known, should be at once taken, as they not only rid both solids and fluids of all morbid matters but regulate all disordered actions, and strengthen the frame in a most extraordinary manner.

Bad Coughs, Colds, and Asthmatical Affections.

These Pills, assisted in their action by rubbing Holloway's Ointment very effectively twice a day upon the throat and chest, and keeping those parts covered with the preparation, will be found the most effective remedy for asthma, coughs, colds, bronchitis, and influenza These remedies tranquilize the hurried breathing, soothe the irritated air tubes, and assist in dislodging the phlegm which stops up the air passages. This treatment has proved wonderfully efficient in not only curing old settled coughs and colds, but asthma of many years' standing, and even when patients who were in so bad a state as not to be able to lie down on their beds lest they be choked by phlegm.

Derangement and Distension of the Bowels, Flatulency, Diarrhœa and Dysentery.

Any symptoms of the above complaints should be immediately met by appropriate doses of these Pills, according to printed directions; delay may be followed by disastrous consequences. These Pills are a certain remedy for all the ailments of the alimentary canal, they secure the thorough digestion of the food, and act most kindly on the stomach, liver, bowels, and kidneys. As a household medicine they are unrivalled, and should always be at hand.

Very Important, of Costiveness Beware.

Rarely but little notice is taken of costiveness, yet at certain periods it is a sure sign that danger is near. All who are seized with apoplexy and paralysis, have previously suffered from costiveness. In the former case the blood flies to the head, a small vein is ruptured on the brain, and we know the rest. Let wives counsel their husbands and husbands their wives, never to go to bed a second night if the bowels have not been properly moved during the day, particularly if they feel heavy and drowsy, A few gentle doses of these fine Pills will regulate the circulation of the blood, and remove all dangerous symptoms.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague
Asthma
Billious Complaints
Blotches on the Skin
Bowel Complaints
Colics
Constipation of Bowels
Consumption
Debility
Dropsy
Dysentery
Erysipelas
Female Irregularities
Fevers of all kinds
Fits
Gout
Head-ache
Indigestion
Worms of all kinds
Inflammation
Jaundice
Liver Complaints
Lumbago
Piles
Rheumatism
Retention of Urine
Scrofula, or King's Evil
Sore Throat
Stone and Gravel
Secondary Symptoms
Tic-Douloureux
Tumours
Ulcers
Venereal Affections
Weakness, from whatever cause &c., &c.

Sold at the establishment of PROFESSOR HOLLOWAY, 244 Strand (near Temple Bar), London; also by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:—1s. 1½d, 2s. 9d., 4s 6d, 11s. 22s. and 33s each pot.

ROYAL MAIL

Steam Packet

Company's Agency,

For British Columbia & Vancouver Island.

OFFICE, MACDONALD & CO., BANKERS,

Yates Street.

THE ATTENTION OF SHIPPERS and passengers is particularly directed to the superior facilities the Royal Mail Steam Packet Company's Line affords for the speedy conveyance of Treasure, Goods and Passengers to and from England to British Columbia and Vancouver Island, in connection with the **Pacific Mail Steamship Company's Vessels and the Panama Railroad.**

The superiority of the accommodation and entertainment on board the Royal Mail Steamers, together with the time occupied on the passage between England and Aspinwall direct being so much shorter than by any other route, and the moderate rate of passage money, render this Company's steamers the CHEAPEST AND MOST EXPEDITIOUS MEANS OF TRANSIT, for passengers or for the forwarding of Goods and Treasure from Aspinwall to Europe.

Under an arrangement with the PACIFIC MAIL STEAMSHIP CO., Specie and Bullion can be conveyed to London and Havre in France

Further information on the subject of Freight and Passage Money will be furnished by the undersigned.

THE BRITISH COLONIST

Wednesday Morning, June 8, 1864.

To Advertisers & the Public.

THE DAILY BRITISH COLONIST, published every morning (Sundays excepted) is the largest and most widely circulated journal in Her Majesty's Possessions on the Pacific.

Resident Subscribers may have the same left at their residence at 25 cents per week by furnishing their address at the Office of Publication.

THE WEEKLY BRITISH COLONIST, published every Tuesday, will be mailed or left at the residence of Subscribers, ready for mailing, at 25 cents per week, payable to the carrier

JOB PRINTING.

THE BRITISH COLONIST PUBLISHING COMPANY having received a large addition to their stock of new and beautiful jobbing type, will execute orders to any extent with neatness and despatch, at a slight advance on San Francisco prices.

THE CROWN LANDS COMMITTEE

This body is determined to make a deep niche for itself in the history of Vancouver Island. Its age itself, for a Parliamentary Committee, is sufficient to invest it with that peculiar interest which surrounds Egyptian pyramids and Irish round towers. Coming into existence in September, 1863, it has dragged its slow length along till June, 1864 and seems, in its last stage to be more vigorous than even when it was in its maturity. It works like a Hercules, delves into quarries of evidence with all the indefatigable qualities of jocund youth, draws up reports that would fill a comfortably sized library, and then, when the serious business is over—when other committees would be exhausted, and would follow the care-worn chairman to the House, with a desperate desire that their wearied limbs should be laid on the table with the report—our Committee, as if it had discovered the life-renewing elixir, jumps on the bench with the activity of the "Bounding Brothers," whirls its stick in true Donnybrook fashion over its head, and with something that sounds suspiciously like an Indian war-whoop, dares any one "to tread on the tail of its coat." There is some thing truly refreshing about this vivacity—something akin to the delight we experience when we see the bull with eyes flashing, head bent, and tail erect, the sole tenant of the china shop. We know we shall hear the crash, we are prepared to see the magnificent vase become a hundred irregular fragments; but the sight is grand, and the destruction only so much "potter's clay." Men who have no soul for the beautiful—who are as debased as the frightfully material American, who could only see in the Falls of Niagara a scandalous waste of water power—will, no doubt, object to these graceful antics of the Committee. They will merely look at the matter as they always do in a purely practical light, and condemn the members for what they would call the veriest childishness. They will persist that, between the unsafe stools of personal vanity and personal interest, the public welfare is likely to come to the ground. Dr. Trimble, they will say, was over-anxious to carry his point at all hazards Messrs. Tolmie and DeCosmos, afflicted with injured personal dignity, and Dr. Powell with indifference when the vote came on in the Committee. They will object to these private freaks of rushing from the room instead of voting and they will sturdily set their face against a chairman's *coup d'etat*. For our part, in the present stagnant condition of affairs, we are willing to accept the "scene" in yesterday's House with thankfulness and even gratitude. If we might be allowed to make a suggestion it would be that the table should be hereafter removed and the members allowed more physical scope. There is something exceedingly uncomfortable in being jammed between two pieces of furniture when you wish to break that fellow's skull who is sitting opposite. We like these ebullitions of juvenile spirit. We admire the playful gambols that threaten to destroy the structure which has been raised with so much labor. We adore the self-sacrifice which aims at making everything bear tribute to self.

On the principle, doubtless, that the closer a thing is confined the greater is the report, the wisdom of the Committee decided that their report, by the exclusion of reporters, should be one that would awaken echoes on Holborn Hill as well as on Mount Tolmie. They have found, however, that there is a safeguard in publicity—that had the newspaper reporters been present throughout the recent Committee meetings, the members would not have so far forgot themselves. They "have done the State some service," let no further exhibitions of weakness mar the important work which they have undertaken to perform, and let one and all consider that the question is not between one member and another, but between the public of Vancouver Island and the Imperial authorities.

NOTICE.

TENDERS WILL BE RECEIVED by Thomas Trounce at his office, on Broughton street, till two o'clock on Saturday, the 11th inst., for the erection of a Frame Wooden Building near Beacon Hill

Victoria, V. I., June 6th, 1864. je8

A CARD.

Victoria, V. I., 6th June, 1864.

I BEG TO ANNOUNCE TO THE INhabitants of Victoria, V. I., and the colony, that I have this day disposed of my business carried on by me since June 1858, as a Butcher, Cattle Dealer and Contractor, under the firm of Harris & Co., to Mr. Isaac Carson, whom I can safely and with pleasure recommend to my customers as my successor, and feel confident that he will continue the business to their entire satisfaction.

THOS. HARRIS,

MR. ISAAC CARSON HAVING PURchased the business of Mr. Harris, most respectfully solicits the favor of the orders and support of his late customers, and begs to assure them that he will do all in his power to merit a continuance of their confidence.

je7 ISAAC CARSON.

NOTICE

IS HEREBY GIVEN THAT ALL PERsons having claims on Mr. Thomas Harris, of Victoria, V. I., carrying on business as Harris & Co., are requested to send in particulars thereof to his office on Broad street (corner of Fort street), that the same may be adjusted; and all persons indebted to the said Thomas Harris are requested forthwith to pay the amount of their respective debts at the office aforesaid.

IODINE WATER.

IODINE WATER IS THE MOST IMportant discovery of modern chemistry, and it is impossible to over-estimate its influence as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART,
LIVER, KIDNEYS,
DIGESTIVE ORGANS & GLANDULAR SYSTEM

and to have great control over

SCROFULOUS AFFECTIONS

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless, until Dr. Henry Anders, a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER

without a solvent. This, considered impossible by the scientific world, is attested by certificate of analysis from Dr. [illegible] Chilton of this city, and Prof. Booth U. S. Mint Philadelphia. The importance of this discovery was so fully appreciated by the Faculty that it was published in the medical Journals, and its use recommended to practitioners (see "American Medical Monthly," July 6, 1856, page 76.)

This valuable medicine is now available to the public for the cure of [illegible] in all its various forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, &c.

AS A TONIC

Its operation is evinced by invigorating the digestive organs and increasing the appetite. In cases of Dyspepsia, Emaciation and Debility an increased nutrition of the body is the result of the employment of Iodine. The patient recovers [illegible]

"CONSTITUTION WATER,"

THE ONLY REMEDY

FOR DISEASES OF THE

Bladder ! Kidneys !!

Gravel, Dropsical Swellings,

GENITAL DEBILITY, &C

THE ASTONISHING SUCCESS WHICH has attended this INVALUABLE Medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure of maladies above mentioned, and also

DIABETES,
IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLUOR ALBUS,

And in every disease any way connected with the disorders or decays of the PROCREATIVE FUNCTIONS. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER,

Whether broken down by excess, weak by nature or impaired by sickness, the unstrung and relaxed organization is at once rebraced, revivified, and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man; he stands erect, he moves with a firm step; his mind, which was previously sunk in gloom of an almost idiotic apathy, becomes bright and active; and he goes forth regenerated conscious of new vigor. The medicine reaches the CONSTITUTION itself, and restores it to its normal condition.

Irritation of the Neck of the Bladder,
INFLAMATION OF THE KIDNEYS, AND
CATARRH OF THE BLADDER,
STRANGUARY AND BURNING, OR PAINFUL
URINATING,
CALCULUS, GRAVEL,
BRICK DUST DEPOSIT, AND
MUCOUS OR MILKY DISCHARGES
AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in these cases, and you will ever give your praise to

CONSTITUTION WATER!!

Males or Females

Are you troubled with that distressing pain in the small of the back, and through your hips? CONSTITUTION WATER will relieve you like magic.

DR. HOSTETTER'S

STOMACH BITTERS.

THE OPERATION OF THIS PALAtable remedy upon the stomach liver and excretory organs is singularly soothing and conservative. It regulates, recruits and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties.

Invigorate the System.

Vigorous digestion and pure bile produce nutricious blood, and nutricious blood a healthy frame Does the victim of a dyspeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and the other fluids of the body purified?

Dr. Hostetter's Stomach Bitters.

Will accomplish this desirable revolution in the system regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and brings the whole machinery of vitality into vigorous and healthful play.

Strengthen the System.

The best means of imparting vigor to the broken down frame and shattered constitution, which has yet been invented or discovered, is proffered to the feeble of both sexes and all ages in

Dr. Hostetter's Stomach Bitters.

Debility, from whatever cause arising, may be cured, strength, in whatever manner it may have been wasted, may be restored by the use of this powerful and healthful invigorant. For indigestion and all its painful effects, bodily and mental, they are a positive specific.

A Word to the Aged.

In the decline of life the loss of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation which recruits the strength and spirits, without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged

Dr. Hostetter's Stomach Bitters,

As an invigorant and restorative, immediate in its beneficial action and permanent in its effects. It tones the stomach, improves the appetite, and acts like a charm upon the spirits.

For Females.

Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility and all peculiar disturbances and derangements to which, as a sex, they are subject. It cheers and enlightens the depressed mental powers, as well as strengthens the body, and its use is never followed by any reaction.

ILL-TREATING AN INDIAN.—A man named Henry Carter was brought up in the police court on charge of Serjeant Blake for cruelly maltreating a deformed Indian known as Charley. Mr. C. A. Bayley testified that on Sunday evening as he was driving along the Goldstream Road, he saw two men in the distance killing a dog, as he thought. On driving up he found it was an Indian they were abusing. As he came near he saw the prisoner take a large club and strike the Indian on the head with all his might. Mr. Bayley remonstrated with the men, who were in liquor, and threatened them with punishment, on which they desisted. A number of Indians then came along and attacked one of the white men and gave him a severe thrashing. Lieut. Verney, who was also on the bench, stated as an instance of the feeling between the white men and Indians, that the other day an Indian near Craig Flower, seeing two white laborers coming along, unslung his rifle and primed it, in case the men should attack him. Mr. Wood said this was too serious a case for the police magistrate to deal with, as the utmost penalty he could inflict was $25. He must therefore send it to the higher court. Mr. Bayley suggested that the ends of justice he thought would be as well served by fining the man, as this was the first offence. Mr. Wood said the case was too serious, particularly at the present time, when there was so much Indian excitement. He must therefore commit the prisoner for trial.

ASSAULT AND ROBBERY.—As Mr. Bland of the Half-Way House was coming to town on Monday night last, between 11 and 12 o'clock, he was attacked, between the two bridges, by three men who felled him to the ground insensible and rifled his pockets of their contents. The first blow inflicted a severe cut across the temple, knocking him senseless, in which state he received several other severe injuries. After lying on the road till nearly one o'clock, Mr. Bland recovered sufficiently to make his way back home. The wounds though severe are not dangerous. This neighborhood is becoming rather notorious for assaults; a petty officer belonging to one of the war vessels was not long ago attacked near the same spot and badly beaten with a slung shot. The authorities should detail a policeman to look after the locality.

THE TELEGRAPH.—We understand from our correspondent at Olympia, W. T., that the direction of the telegraph line from that place to this city may be considered to have been definitely decided upon as follows: From Olympia to Steilacoom and Seattle; from Sandy Point, six miles below Seattle, five miles of submarine cable to Appletree Cove; thence to Port Gamble, and three miles of submarine to Whisky Spit; thence via Port Ludlow, Port Discovery and Port Angelos to the mouth of the Ewha River; thence about ten miles of submarine to Beechy Head, and thence on to Victoria. Port Madison, Port Townsend and other places are thus passed by, but they may probably have branches.

A WANT SUPPLIED.—To-day we lay before our readers, on the last page of the paper, a list of the letters remaining in the Victoria Post-office up to the 13th of May. The registered list comprises all the registered letters up to that date, while the ordinary list runs back only to January, owing to the very large number of letters which have accumulated since the last list was published, more than three years ago.

CROWN LANDS.—As will be seen in another part of our columns, a stormy debate took place yesterday in the House of Assembly on Dr. Trimble's report on the Crown Lands. The report was thrown out by the House on the grounds of informality, and the Committee instructed to bring it in anew. A lively discussion on the subject may be expected to-morrow.

COMMISSION ON DEFENCES.—His Excellency has appointed Hons. Surveyor General Pemberton and Treasurer Watson, and Superintendent Smith, Commissioners to examine and report on the number and condition of the arms belonging to the colony.

FOR FUCA STRAITS.—The steamer Fideliter having been chartered by the directors of the Fuca Coal Mining Company, sailed for the mine yesterday morning, having on board several of the directors and a party of friends on a visit to the scene of operations.

ARRIVAL OF THE ANDERSON.

TWO DAYS' LATER NEWS!

Federal Victory near Atlanta!

Desperate Fighting on Grant's Left!

Lee Unwilling to Give Battle!

Nomination of Fremont and Cochrane!

ARRIVAL OF BUTLER'S REINFORCEMENTS.

Great Mexican Victory!

Our special despatches brought by the Eliza Anderson, give us two day's later and highly important news:

WASHINGTON, June 3—Despatches received from Sherman's command announce a victory over the rebels near Vinings, eight miles beyond Marietta. Our forces took 400 prisoners, and the rebels fell back towards Atlanta leaving a portion of their dead and wounded on the field. Sherman expected that his advance would reach Atlanta by the 3rd of June. Accounts from this place show the inhabitants to be in the greatest consternation at the approaching investment.

WASHINGTON, June 2—Despatches from the Army of the Potomac announce the arrival of Gen. Smith with a reinforcement of eight thousand men from Butler.

NEW YORK, June 2.—The *Herald's* special from Grant's head-quarters at 5 p. m. on the 1st says the enemy resumed his operations this morning, on our left, attacking Warren furiously, who fell back, but was supported by Burnside, who obtained reinforcements during the night. Ewell's corps had been also heavily reinforced, and the battle raged until 11 a.m. with alternate success. At this time, however, the rebels, in a desperate attack, were met by a murderous discharge of artillery from a small eminence to our left, which caused them first to falter and then to fall back, when Cranford charged them impetuously, driving them back and taking about 500 prisoners and two batteries of artillery.

The *Times* special says there have been no serious demonstrations upon our right since the engagement of last night. Skirmishing occurred along our front this morning, but the enemy seems unwilling to hazard a general engagement.

Despatches from Butler state that he is in hourly expectation of a general attack, but that he is fully prepared for all emergencies.

CLEVELAND, June 2.—The Convention met shortly after 11 o'clock to-day, ex Governor Johnson of Pennsylvania, who occupied the chair previously, vacated it for John Cochrane. After John C Fremont was nominated for President, John Cochrane, of New York; G. Brown, of Missouri; and B. F. Butler, of Massachussetts, were nominated for Vice President. Cochrane left the chair, which was taken by Gilbert of New York. The nomination of Cochrane was carried.

The report of the heavy battle between the French and Mexicans under Negrete at San Luis has been confirmed. The French, who lost heavily, were thoroughly defeated.

DEPARTURE OF THE EXPLORERS.

The Exploring Expedition sailed on the Grappler yesterday at 12 o'clock, for Cowichan, their starting point for the interior. A large number of persons collected on the wharf to witness their departure and wish the *voyageurs* "God speed." Just previous to the embarkation His Excellency the Governor came down, and addressed them a few words, saying that they were setting out on an arduous undertaking, and the eyes of the whole community were upon them. He urged on them the absolute necessity of implicit obedience to their commander, without which they could not expect to succeed, and reminded them that they were picked men from a large population, and therefore a great deal would be expected from them. He concluded by wishing them every success. Dr. Brown in a few words thanked His Excellency for his good advice and kind wishes, and hoped the expedition would fulfil all the expectations which had been formed of it. The expedition then stepped on board the gunboat, which moved off amid the cheers of the assembled crowd. The following are the names of the parties comprising the expedition:

Robert Brown, B. A., Commander and agent for the Government; V. P. Leach, late corporal of the Royal Engineers, second in command; F. W. Whymper, artist; and John Buttle, late R. E; John Meade, do; Ronald McDonald; J. M. Foley; A. Barnston, and Henry F. Lewis. A half-breed hunter will be engaged at Cowichan. Dr. Brown will send back from Cowichan by the Grappler the plan of his first march, and indicate the point to which supplies are to be sent in the course of a month from now.

DANGEROUS.—A bullock which was being led down to the Hudson Bay Company's wharf yesterday morning to be shipped on the Otter, became infuriated by the attempts to drive him along, and breaking loose from the driver charged madly about in every direction, putting the by-standers to flight in the most unceremonious manner. After careering about the wharves for half an hour during which time several persons had narrow escapes from his horns, the furious brute took a header from the wharf some 10 or 12 feet into the sea, and struck out vigorously for a landing. He was pursued and caught by some men in a small boat, towed back to the wharf and hoisted back, by a derrick, on *terra-firma*, where he at once resumed his old tactics, scattering the lookers-on in all directions. He was at length led off by a herdsman, having lost his passage to New Westminster by his unruly pranks.

NEARLY "GOING, GONE."—Yesterday morning as the Fideliter moved from the wharf, a well-known gentleman in commercial circles, who was among the passengers, stept on the upper deck, and accidentally leaning against the stanchion, the frail rail gave way and precipitated him into the water. The boat was at once stopped and a rope thrown to him by a fellow-passenger, who, however, neglected to hold on to the line, which was accordingly hauled into the water instead of hauling in the gentleman immersed. A fast line was at length thrown out, and he was got safely on board, fortunately none the worse for his "cold duck" for breakfast.

CORONER'S INQUESTS.—"A subscriber" wishes to know whether it is customary to hold inquests over the bodies of persons who have died suddenly, without previous ailment. The English act, under which inquests are held, and which has been in force 500 years, provides that inquests shall be held in cases of sudden death; the coroner has, however, a discretionary power in the matter, to a certain extent.

RETURNED.—The steamer Fideliter came back from the Fuca coal mine last night at 11:30 o'clock, bringing samples of the coal. The visitors to the mine report that from 8 a. m. till a few hours before arriving here the rain fell in torrents, so that many were prevented from going on shore. The Fideliter also visited Clallam Bay and some of the party inspected the coal seam at that point.

HOUSE OF ASSEMBLY.

Tuesday, June 7.

The House met yesterday at 3:15 p. m. Present, Messrs. Trimble, Tolmie, Franklin, Powell, Street, Duncan, Dennes, and DeCosmos.

WRIT FOR VICTORIA.

Dr. Trimble moved for the issue of the writ for Victoria to fill up the vacancy caused by the resignation of Mr. Young.

Mr. DeCosmos seconded, and the motion was put and carried.

CROWN LANDS REPORT.

Dr. Trimble rose and said he had the honor to lay before the House the report of the Crown Lands Committee, and moved its adoption

Mr. Dennes seconded.

Dr. Powell, as a member of the committee, rose to ask the House if the report had been adopted by the committee, when the majority did not vote.

Dr. Trimble said it had been adopted. If the hon. gentleman did not think it worth his while to vote, that was his own affair.

Dr. Powell wished to rise to a point of order, and also to give his reasons for declining to vote. In doing so he was not going to find fault with the report. The proceedings of the Crown Lands Committee on this report were private. The reporters of the press were excluded; yet it was publicly stated that he had declined to vote on the report and reasons, which were untrue, were assigned for his action. Now, he declined to vote simply because he considered the conduct of the Chairman on the occasion unfair. Two honorable gentlemen having retired, the Chairman persisted in putting the motion; but one member voted, and the Chairman asked him (Dr. Powell) if he had voted when he told him that he assuredly had not.

Mr. DeCosmos said, as Dr. Powell had brought the circumstance up, he could substantiate the gentleman's statements. He himself must confess that the Chairman's conduct on the occasion was exceedingly arbitrary and unworthy the Chairman of any Committee appointed by that House.—

Dr. Trimble rose to protest against such language being used. It was laying it on too strong, and he would not permit such impertinence. So far as his conduct in the committee was concerned, it was characterised by honesty, probity and fairness. Dr. Powell was in his seat when he (Dr. Trimble) asked him if he had voted.

Mr. DeCosmos said notwithstanding the interruption of the hon. gentleman, he would characterise his conduct as unworthy the Chairman of any Committee.

Dr. Trimble—I ask protection from that man. I will not sit here and listen to his impertinence and insulting statements. I will not allow any man to make them.

Mr. DeCosmos—I throw the threats of the hon. gentleman back in his teeth. If the hon. gentleman, as Chairman of a Committee, had acted properly and on the merits of the case alone, he (Dr. Trimble) would have scorned his present action. I throw the hon gentleman aside (oh and laughter,) and will speak to the incidents as they occurred. When I rose to speak on the motion that was about to be put before the Committee, the Chairman stopped me and would not allow me to proceed, in consequence of which I left the room. My colleague, for the same reason, would not vote, and for this arbitrary conduct on the part of the Chairman I hold that the report has not been adopted.

Dr. Trimble wished to explain away the charges that had been made about arbitrary conduct. There were three motions laid before the Committee, one by Dr. Tolmie, one by Mr. DeCosmos, and one by Mr. Dennes. The latter motion in his opinion being the only proper motion it was put. Dr. Tolmie and Mr. DeCosmos then left the room and Mr. Dennes voted in its favor. Dr. Powell was in his chair when he (Dr. Trimble) put the question.

Dr. Powell—The hon. gentlemen asked him (Dr. Powell) if he had voted, when he was leaving for the door. He was sorry to say that some hon. gentleman had made statements with regard to his action in the Committee that had led to misstatements being made outside.

Dr. Trimble—The matter was made public in that House.

Dr. Powell—It was not brought up at all at the time to which I allude.

Dr. Tolmie wished to state the truth, which he hoped would not be offensive. He must say that the Chairman's conduct in the Committee on the occasion in question in refusing to put certain motions was arbitrary in the extreme—

Mr. DeCosmos—Would he allow me to speak?

Dr. Tolmie—No; and he (Dr. Tolmie) must allude to another occasion—a night meeting—when the action of the Chairman was equally peremptory.

Dr. Powell wished to know if the report was in order, when it was acknowledged that but one member of the Committee had voted.

Dr. Trimble (to Dr. Powell)—Did I not put the ayes and noes? Why didn't you vote?

Mr. Dennes believed the proceedings of the Committee perfectly regular. It wasn't his fault if the other gentlemen left the room, all he could say was that the report was unmistakably adopted before he (Mr. Dennes) left and before Dr. Powell left.

Dr. Powell moved that the report be recommitted.

Dr Tolmie seconded.

The Speaker said the minutes ought to be sufficient to decide whether or not the report was informal. He found by reading them that there was but one vote recorded—the affirmative one, and nothing recorded of the noes—the report was therefore not in order.

After remarks from Messrs. Duncan, Franklin and Street, the Speaker put his own decision to the House when it was carried by a majority of five to three, the ayes being Messrs. Tolmie, Franklin, Street, Powell and DeCosmos, and the noes, Messrs. Trimble, Duncan, and Dennes.

The Speaker said the report must go back to the Committee, and the question must again be brought up whether the report be adopted. There was one thing which he would throw out to the Committee as a hint, which was this; whether the Committee had power to make any report of their opinions at all. He did not give this as a decision, but simply for the consideration of the Committee.

EDUCATION.

The House took up Dr. Powell's motion to request the Executive to grant $2500 for school purposes

The Speaker said strictly speaking this motion was informal, but owing to the importance of the subject he would not insist on the rules of order. The House must fix a day to go into committee on the question.

Mr. DeCosmos suggested Thursday.

Dr. Powell moved that the House do appoint Thursday next to consider the subject.

Seconded by Mr. Franklin, and lost.

Ayes—Powell, DeCosmos, Franklin.

Noes—Trimble, Tolmie, Street, Duncan, Dennes.

House adjourned till Thursday next.

MR. ROEBUCK ON POLITICS.—Mr. Roebuck on Thursday evening delivered a lecture to the young men of Hull upon the science of politics, of which we shall probably hear more. The Conservative tone of the day seems to have taken the radicalism out of the member for Sheffield to an extent which his constituents will possibly not approve. He had been, he said, alarmed by the events occurring in America, so alarmed that he earnestly hoped the working classes of England might have a political education before they were entrusted with power. It was necessary to teach them that Government could not fix a minimum of wages, or divide property, and this knowledge he implied the people had not yet obtained. He believed that the time would very speedily come when the suffrage would be in the hands of the masses, that the "danger" was only postponed, and that it could only be averted by teaching the masses in good time, teaching them not this or that, but everything they had time and ability to learn. It is sound enough all that, but if it is the opinion of Mr. Roebuck's constituency, Sheffield is changed of late years.

FIREMEN'S EXEMPTION.—By our report of the proceedings of the Legislative Council to-day, the public will be pleased to observe that the clause of the bill exempting firemen from jury duty, has passed through committee and will probably become law.

LEGISLATIVE COUNCIL.

Tuesday, June 7, '64.

Council met at 2 30 p. m. Present: The Hons. President, Treasurer, Attorney General, Surveyor General and D. Fraser.

HAREWOOD RAILWAY.

This bill was introduced into the Council, and referred to the Committee on Standing Orders.

CONGREGATION EMANU-EL.

This bill was also referred to the Standing Orders Committee.

FIREMEN'S PROTECTION BILL.

This bill came up in committee, the hon. President in the chair

Clauses 1 and 2, of the bill passed.

On clause 3,

Hon. D. Fraser said the property of the Fire Department belonged to the colony, and all the firemen wished was to have the use and care of it.

The President said the phrase "deemed the property of the Fire department for the purposes of this Act," was simply to enable them to prosecute any parties injuring the property.

Hon D. Fraser moved that the words—"That from and after the passing of this act the whole of the apparatus, &c. &c., shall be deemed to be the property of the Fire Department, for the purposes of this Act," stand as a part of the bill.

Seconded by hon. Surveyor General, and carried.

On clause 4,

Hon. D. Fraser moved that the clause as read do stand as part of the bill, but that the words "that the exemption from jury duty should only extend to 65 members of each of the three fire companies," be struck out.

Seconded by the hon. Surveyor General.

Hon. Mr. Watson moved that the whole of the 4th clause in the original bill, relating to jury duty be struck out.

The hon. President said this bill had been carefully considered in a previous committee and clauses 4, 5 and 6 struck out. The exemption of the Fire Department would have taken 200 jurors from the small jury list, and thrown a heavy burden on the rest. It was for this reason that the former bill had been thrown out. The hon. gentleman said if this exemption were granted to the firemen, the next thing would be an application from the Volunteer Rifle Company also wishing to be exempt, and at that rate we would soon have no jury list at all. For these reasons he must agree with the hon. Treasurer in striking out the whole clause.

Hon. D. Fraser quite agreed with the principle of what the hon. President had stated, but he believed that a good deal of misapprehension existed as to the number of jurors that would be taken from the list by the exemption of the firemen. The total jury list of last year was 681, this year it would be larger; this did not include those in the remote districts, who would raise the number to 1055. Deduct a third from this for contingencies, which would leave 710 for Victoria, Esquimalt and Districts, alone. It was a mistake to say that the full number of firemen would be withdrawn from jury duty. The object of asking the exemption was to fill up the fire company with active volunteers, and everywhere that volunteer fire companies existed, they looked out as a right that they should be exempt from jury duty. A very great number of the firemen were already exempt from jury duty, leaving only 85 now subject to that duty; of this 85, only 35, according to the Sheriff's returns, had served last year. The Sheriff said candidly that he thought the firemen had nothing to complain of but he added that he could now easily procure a sufficient number of jurors without calling on the fire department. The firemen since 1861 had expended a very large sum from their private funds, besides the amount received from the authorities; they had also spent a great deal of time over their duties. A paid brigade would cost $1745 a month, according to statistics, which he was prepared to lay before the House, and we had no reason to suppose that it would be more efficient than a volunteer one. His opinion was strongly in favor of the present mode. The hon. speaker alluded to the fire department being composed of both Americans and British subjects, which he thought had been of great benefit in removing asperities of national feeling.

The hon. Surveyor General fully concurred with what had just fallen from the hon gentleman.

The hon. President said he was not aware that the Fire Companies had expended so much of their private means. He could readily see that this might have been necessary in early times, but now when there were so many parties, Insurance Companies, etc., interested in being protected from fire, he thought they should not be obliged to put their hands in their pockets.

The President here put Mr. Watson's amendment, to strike out the clause, which was lost, Mr. Watson for, Mr. Fraser and the Surveyor General against. The President said he concurred with Mr. Watson, and the votes were therefore equal.

The hon. Surveyor General said he thought the President had only a casting vote.

The President said he stood in a different position from the Speaker of the House of Assembly; he had a vote as President, and also as Chairman of Committee. He would, however, withdraw his vote and allow the motion to be rejected.

The Council here rose and reported progress, and the Council adjourned till Thursday next at 2 p. m.

SUPREME COURT.

(BEFORE HIS HONOR THE CHIEF JUSTICE.)

Tuesday, May 7th, 1864.

The Admiralty vs. the Hanoverian bark Armin.—His Lordship said that a telegram had been received stating that the Agent of this ship would arrive by the next mail steamer and he would therefore postpone the hearing of the case until her arrival, by giving the parties concerned a week to decide whether they would put in any defence or not.

Nelson McGee v. Richard Hall—Attorney General Cary instructed by Mr. Drake for plaintiff, and Messrs. Ring and McCreight instructed by Mr. Dennes for defendant. This was a suit in chancery, in which the plaintiff sought to compel the restoration of certain deeds of transfer of property belonging to the plaintiff, executed by Susan McGee, the wife of the plaintiff, in favor of the defendant. Mr. Attorney General Cary occupied the attention of the court in a very forcible address of 2½ hours duration, in which he set forth that the account rendered by the defendant to the plaintiff as being the particulars of a debt due to him through the plaintiff's wife, for the payment of which she had executed the deeds referred to, was nothing but a gross fabrication from the beginning to the end, and that it was the most horrid, sickening, rascally one that had ever come to his notice. He then proceeded to show that even if the items contained in the account were part of a just debt, that the defendant had charged the exorbitant interest of 5 per cent per month, and also compound interest at the rate of 4 per cent per month. That the moneys alleged by the defendant to have been lent to Mrs. McGee were transactions entirely unknown to her husband, the plaintiff, and that she at the time received ample means for her sustenance from the plaintiff, that the defendant had set about in a cunning way to get Mrs. McGee under his thumb by lending her from $20 to $30 or so, each month charging this exorbitant rate of interest, and after he had accomplished this object he came to Mrs. McGee, when she was lying on a sick bed, and induced her to sign a mortgage of her husband's property, telling her that it was merely a security for $100 advanced by him to pay off a writ taken out against her husband, and that this document, afterwards turned out to be a transfer in fee simple of the Globe Hotel to the defendant, that the defendant had been systematically sucking the blood of the poor woman, who was perfectly unaware of the vital importance of the document she was signing. He held that although Mrs. McGee had a power of attorney from her husband, that it no wise empowered her to borrow money for the purpose of paying off any old debts of her own or to sell or mortgage his property; he was perfectly willing, on behalf of his client to allow any amounts charged in the defendant's account which had benefitted his client, but would most decidedly disallow any of the items charged as money lent to Mrs. McGee from which the plaintiff had received no benefit; that after deducting those items the account shewed a balance in favor of his client. He accused the defendant of various offences more or less venal amongst which he stated that the defendant had unlawfully possessed himself of a gold watch and chain, cups and saucers, &c., the property of his client, telling Mrs. McGee at the time that she was dying, and that *he* might just as well have the articles as anyone else. After enlarging in a very elaborate way on various minutiæ, he closed the case for the plaintiff by calling upon His Lordship under the circumstances set forth to order the restoration of his clients property.

The further hearing of the case was postponed until Thursday.

OREGON ITEMS.

[FROM THE DAILY OREGONIAN.]

STOCK FOR VICTORIA.—The steamer Express will take a live load of freight to Monticello to-day, consisting of about 400 head of sheep, that will proceed to Vancouver Island.

THE TELEGRAPH MAST.—The mast recently raised below this city for supporting the telegraph wire at the point where it crosses the Willamette river, is 181 feet high.

GETTING EVEN ON INDIANS.—About a fortnight since, while prospecting for quartz on the South Boise, Fred. Patterson and his party found a camp of Snakes. A desperate fight ensued, in which twelve of the Siwashes were killed and twenty of their squaws captured. One white man was wounded.

MURDER AT UMATILLA CITY.—We are informed by a private letter from Umatilla, that at midnight of the 25th, a man named Smith, a packer, was murdered in cold blood by Joe Simpson, formerly a barkeeper at the Dalles. Simpson mounted a horse and fled, but was overtaken and arrested. He waived an examination, confessed the murder, and was committed for trial. It was thought he would be sent to the Dalles for safe-keeping, owing to the excited state of the public mind, and apprehensions that he might receive his dues without a due process of law.

MURDERED BY SNAKE INDIANS.—We are informed that on Tuesday morning, May 17th, twelve well armed Snake Indians attacked a small party of white men near the Mountain House, about half way between the Dalles and Canon City, and Benj. Harding, (who it is said has a family in or near Portland) was almost instantly killed. An old man named Rogers was also shot in the arm. The others of the party escaped uninjured and returned to the Mountain House, whence these Indians had stolen their cattle the night previous. The cattle were recovered, but the Indians escaped. Unless a larger military force is sent into that section, traveling in small parties must be unsafe all summer, and the development of the mines retarded.

THE BOMBARDMENT OF SONDERBORG.

In a recent sitting of the House of Lords the Earl of Shaftesbury said—My Lords,—Seeing my noble friend the Secretary of State for Foreign Affairs in his place, I will take the liberty of putting a question of which I have given him private notice. Your lordships are well aware that the attention of the public has been drawn to a very sad occurrence which has taken place in the Danish war now going on, a telegraphic report of which appeared in the newspapers of the 5th, and also of the 6th instant. I will read the telegram upon which I wish to put the question. It is dated Ukebol, and says:

"The Prussians have bombarded Sonderborg for 48 hours without any previous intimation. Eighty townspeople, women and children, have been killed or wounded. 50 houses in the centre of the town were burnt, and 1,500 shells thrown into the town, which is now deserted."

It is possible that this statement may be altogether untrue. We may hope so. But if true, it puts before us one of the most cruel, one of the most outrageous acts ever perpetrated, or ever recorded in the history, I do not say of a civilized but of an uncivilized country. [Hear, hear.] Consider, my Lords, that the laws of war, as I believe, and certainly the modern usages of war have laid it down that no bombardment is to take place without previous notice, and also that no undefended place or unwalled town is ever to be bombarded at all. [Hear, hear.] But in the present instance both these usages have been violated. An undefended town, without walls or bulwarks of any kind, and without any previous notice, has been bombarded for 48 hours, and 80 women and children have been made the victims of that atrocity. [Hear, hear.] Now, my Lords, I must say that if this be so, it is a state of things which will bring us to believe that the Prussian Government, which is responsible, and the Prussian military, which are the instruments, are not fit to be counted in the list of civilized men or civilized nations. [Cheers.] I will not go further upon this supposition, which may be untrue, than to express my hope that the Government will be able to give us information upon this subject, and that if it be true, as stated in this telegram, they will be good enough to tell us what steps they have taken upon the matter. I will only repeat now what I said before, that I do sincerely hope and trust—and I am sure since the time I had last the honor of addressing your lordships the feeling of the country has grown much more intense—I do sincerely hope that the British fleet will appear in those seas to prevent the occurrence, it may be the recurrence of these most cowardly and frightful atrocities. [Cheers.]

Earl Russell—In regard to the question of my noble friend I can only say that I saw in the newspapers the account which he has read, and I sent a telegram to Sir A. Buchanan, our Minister at Berlin, with a view to ascertain what might be the truth. But I cannot find that Sir A. Buchanan can give me any intelligence at present on the subject. It is impossible but that in a very few days we should know what were the actual facts of the case. I should not think myself warranted in giving an opinion of the character of that attack until we know the real facts.

Death of a Notable Rebel General.

Richmond papers report the death of the rebel Maj Gen. J. E. B. Stuart who was shot in some late battle or skirmish. Probably he received his death wound during the engagement with Sheridan's Cavalry last week whose amazing raid he attempted to check. Stuart was a Virginian and scarcely 30 years old at the time of his death. He graduated at West Point ten years ago, married the daughter of the Union Gen. Philip St. George Cook, dashed into the rebellion with great zeal and had charge of all the Confederate cavalry at the first battle of Bull Run. Young as he was "Jeb Stuart" for the abundance of his initials gave him an easy popular name, was the father of raidsters. When he first went to exploiting in that line people began to ask why he had no cavalry, no dashing dare-devil break-neck riders, the want was very soon supplied, but not till Stuart had made his reputation. His first grand raid was in June, 1862, when he rode through the right wing of McClellan's Peninsular army, saw all that was to be seen between the Pamunkey and Chickahominy, captured some prisoners, did some mischief, astonished our people with his impudence, rode entirely around our army and back to Richmond, where Lee in a general order glorified him immensely. In the midst of a thunderstorm of August of the same year he came down like a flash of lightning upon Pope's head-quarters at Cartlett's Station, and captured Pope's papers. In October, 1862, he made his famous raid into Pennsylvania, surrounding in the course of his ride the entire Army of the Potomac. When Lee was arranging for his second visit to "my Maryland," Stuart gathered his cavalry, 12,000 in number, at Culpepper; but by this time some other folks had learned to ride, and Stoneman, under orders of Gen. Hooker, dashed down upon Stuart, spoiled the programme and caused a postponement of the contemplated invasion of the North. That Stuart was brave and very daring many a great score testifies, but he lost much of his prestige by the cultivation of the cavalry arm of the service in our army, and the development of several raidsters who equaled his exploits, and have generally made theirs effective as well as brilliant. He was formerly reported as very much given to profanity, but in his latter days he assumed much admiration for the character of Stonewall Jackson, and seldom if ever emphasized his orders with an oath.—*Bulletin.*

☞ H.M.S. Columbine sailed yesterday afternoon for Mazatlan.

THE RAILWAY ABUSE TURNED TO A USE.—The Lords are getting tired of the impudence of the railway companies, and on Tuesday night Earl Derby brought forward a proposal to compel them to do what they ought to have done of themselves ten years since. He produced a petition from St. George the Martyr, Southwark, showing that 1,500 families had been recently turned out of their homes and could find no others, and he suggested that every London company should be compelled to run one morning and one evening train for the working class at a shilling a week for any distance under ten miles. This would relieve London of some of its pressure, and gradually secure to the people decent houses in the country air. The Government intend to consult the Board of Trade, and if the working classes of London know their own interest they will quicken his appreciation of their need by a few deputations.

A THOUGHTLESS ELECTION COMMITTEE.—The Lisburn Election Committee has come to an accidental death. It appears that under the seventy-third section of the Corrupt Practices Prevention Act, an election committee cannot, while the House is sitting, adjourn for more than twenty-four hours. The Committee appear to have been unaware of this rule, and adjourned to the day after the House had met, whereupon the sitting member, Mr. Verner, refused to attend before an illegally constituted body. A great debate was raised on Tuesday night as to the law of the question, the point being whether the Committee was alive, or dead, or in a state of suspended animation. The Committee, however, decided on Wednesday that their existence had terminated, and so the proceedings drop through, the petitioners lose their money (£2,500), Mr. Verner retains his seat, and all the gentlemen employed on the Committee look exceedingly silly.

Holloway's Ointment and Pills—Diseases of the Skin.—No case of the disease of the skin, be its nature what it may, has failed to be benefitted when these potent remedies have been properly applied. In scrofulous and scorbutic affections they are especially serviceable. Scurvy and eruptions which had resisted all other modes of treatment and gradually become worse from year to year have been completely cured by Holloway's cooling Ointment and purifying Pills, which root out the disease from the blood itself, and leave the constitution free from every morbid taint. In the nursery Holloway's Ointment should be ever at hand. It will give ease in sprains, contusions, burns, scalds and infantile eruptions, and may always be safely applied by any ordinary attendant.

HOLLOWAY'S PILLS—Hale Constitution.—When the human frame has become debilitated from the effects of exposure, excesses or neglect, these Pills will repair the mischief, if they be taken according to the lucid directions wrapped round each box. Holloway's Pills exert the most exemplary tonic qualities in all cases of nervous depression, whereby the vital powers are weakened, and the circulation is rendered languid and unsteady. They improve the appetite, strengthen the digestion, regulate the liver, and act as gentle aperients. These Pills are suited to all ages and all habits. A patient writes:—"Your Pills, to be valued, require only to be known. During many years, I sought a remedy in vain, was daily becoming weaker when your Pills soon restored me."

NECROSIS.

If there be any disease calculated to drain away the life of a man, and weaken the mind and body by its painful slowness, it is the death of any part of the bones. The PERUVIAN SYRUP gives support under the profuse discharge, hastens the separation of the decaying bone, and heals the indolent and irritable ulcers consequent on the long continuance of the unhealthy suppuration.

DR. HOSTETTER'S STOMACH BITTERS.—Wherever there is dispepsia, they are in demand. Nor is it for indigestion alone that they are a specific. Every disorder of the stomach, the liver, the bowels, and the nervous system, seems to yield to their influence. They are an antidote to pain; they regulate the whole vital machinery, and may be justly termed the strongest ally that science has ever brought to the aid of nature in her struggle with sickness.—Sold by Druggists and dealers everywhere.

INVENTIONS AND PATENTS.—Each year adds almost innumerably to the list of Inventors, and still more to that of inventions which are increased by a most uncommon multiple. The fruitful ingenuity of thousands of intellects thus contributes to the comfort, convenience and profit of the community, whilst of a necessity it also numbers the victims of too flattering hope, or of too sanguine a calculation. The list of Patents, active, passive, or neutral—vital or still-born,—productive or exhaustive, swells to enormous proportions, but never without more or less advantage from the faculties which it awakens or calls forth, it but for a brief interval into active play. Every invention confers some good upon the world. And those which tend to supply some great wants, or to relieve some great inconvenience, deserve at our hands so much the more commendation, that they cannot be called into existence at our bidding. Amongst those patented inventions which have appeared to illustrate this eventful year, and to figure in the great International contest of ingenuity and industry, though many be more showily represented and more conspicuously marshalled before us, none meets with more personal sympathies than that of the new Osteo-Eidon produced by Messrs GABRIEL, the celebrated Dentists of London, Liverpool, and Birmingham, (as it is evidenced by their being the only dentists chosen on the Committee of the International Exhibition), whose admirable adaption of Artificial Teeth has obtained so high an approval from the profession as well as from the public. The Osteo-Eidon as a base for sets of teeth, obviates all objections applicable to other materials, and whilst firmly seated in the mouth, and free from noxious elements, dispenses with all need of mechanism, and presents an appearance not to be distinguished from that of the natural gums and teeth. Messrs. GABRIEL announce that they submit their laboratories and manufactures to gratuitous inspection during this season. As may be seen by reference to our advertising columns, Messrs. Gabriel supply Artificial Teeth and Gums on their patented system, irrespective of distance.

HOLLOWAY'S PILLS—Nervous Debility—Persons who feel weak, low and nervous may rest assured some serious ailment is looming in the distance against which instant action should be taken. Holloway's Pills present the ready means of exciting energetic action on the liver, liberating accumulated bile, and lifting at once a load from the spirits, and expelling a poison from the body. This simple and natural method of remedying the first tendency to disease gives present ease and insures future safety. The pallid, and all those who are losing flesh should try these Pills which are especially useful when the digestive or other functions are imperfectly performed, and demand immediate correction, or, in a few years neither mind nor body will be well developed.

Holloway's Ointment and Pills—Insufficient clothing, and exposure to damp and cold, produce many diseases of the skin, and greatly aggravate the sufferings of the delicate and scrofulous. The Ointment, applied to the part affected restrains all insidious inflammation, while it soothes, cleans, and renders healthy any ulcerations or sores which have destroyed the skin, and show little disposition to heal. This Ointment purifies the blood, renders the local circulation vigorous, and represses excessive irritation. Holloway's Pills are particularly serviceable in all strumous disorders, because they strengthen the stomach, improve the digestion, excite a proper action in the liver, and act as alteratives and aperients.

INVIGORATE THE SYSTEM.—Vigorous digestion and pure bile produce nutritious blood, and nutritious blood a healthy frame. Does the victim of a dispeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and other fluids of the body purified?

DR HOSTETTER'S STOMACH BITTERS.

will accomplish this desirable revolution in the system regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve muscle and fibre and brings the whole machinery of vitality into vigorous and healthful play.—Sold by all Druggists and dealers everywhere.

DYSENTERY.

For dysentery and similar complaints of the Summer season, the PERUVIAN SYRUP has proved a remarkable preventive and cure. By imparting to the intestinal mucous membrane, it places this surface in the best possible condition to resist the irritation of crude and indigestible articles of food.

HOLLOWAY'S PILLS.—Stomach, Liver, and Bowels.—There is nothing hurtful in the composition of these purifying Pills, nothing that can injure the most delicate constitution. They improve the appetite, quicken the energies of the stomach and liver and regulate the bowels. They are natural, and therefore efficient purifiers and correctives. Few unhealthy conditions of the stomach or digestive apparatus can withstand the accumulative healthy influence obtained over the whole frame when these Pills are judiciously and perseveringly taken by invalids.

HIP DISEASE.

The most that can be expected in this disease is to prolong life, with stiffness or deformity of the hip joint. The PERUVIAN SYRUP will support the strength under the slow and painful ulceration, and will prevent the profuse discharge of matter, which, if opening externally will almost certainly prove fatal.

Jewelry.

J. L. JUNGERMAN, THE WELL known Jeweler of Yates street, has, in addition to his ordinarily large and fine selection of fine goods, received by the last steamer many of the richest kinds of Jewelry, of the latest manufacture. These were imported expressly with a view to supplying purchasers for the coming spring and summer seasons. ma14

PERUVIAN SYRUP,

OR, PROTECTED

Solution of Protoxide of Iron!

Has been used with great success in curing

Dyspepsia,

Affections of the Liver, Dropsy, Neuralgia, Bronchitis and Consumptive Tendencies, Disordered State of the Blood, Female Complaints, Chronic Diarrhea, Boils, Scurvy, the prostrating Effects of Lead or Mercury,

GENERAL DEBILITY

And all diseases which require a

TONIC & ALTERATIVE MEDICINE.

The proofs of its efficacy are so numerous, so well authenticated, and of such peculiar character, that sufferers cannot reasonably hesitate to receive the proffered aid.

The class of diseases for which the Syrup provides a cure, is precisely that which has so often baffled the highest order of medical skill. The facts are tangible, the witnesses accessible, and the safety and efficacy of the Syrup incontrovertible.

FROM WELL KNOWN CITIZENS OF BOSTON.

The undersigned having experienced the beneficial effects of the "Peruvian Syrup," do not hesitate to recommend it to the attention of the public.

REV. JOHN PIERPONT,	THOMAS C. AMORY
THOMAS A. DEXTER,	PETER HARVEY
S. H. KENDALL, M. D.,	JAMES C. DUNN,
SAMUEL MAY,	REV. THOS. WHITTMORE

CERTIFICATE OF DR. HAYES.

It is well known that the medicinal effect of Protoxide of Iron is lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible.

In the Peruvian Syrup this desirable point is attained by COMBINATION IN A WAY BEFORE UNKNOWN; and this solution may replace all the proto carbonates citrates, and tartrates of the Materia Medica.

A. A. HAYES, M. D.,
Assayer to the State of Massachusetts.
16 Boylston street, Boston.

Hostetter, Smith & Dean, 401 and 403 Battery street, San Francisco

Sold by CURTIS & MOORE, Victoria ma19

REMOVED.

G. LANGE, CHRONOMETER AND Watchmaker, has removed from the Brick store of the San Francisco Baths on Government street, to his own private dwelling house on Herald street, in the rear of the large two story frame building, where he will continue his business as before, and not being under any shop expenses whatever, will be enabled to do work still more reasonable than before, so that the trouble of customers walking out to Herald street will be well rewarded in having their work done well and cheaper than anywhere else.

DIRECTION—Herald street is the third street parallel with Johnson and the 4th lot from Store, where the sign of a Clock will meet the eye.

A fire and burglar proof Safe will secure your property. je3 1m

COSTA RICA COFFEE

Ex "Sheet Anchor."

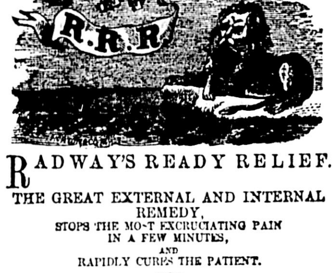
MEDICAL ASSISTANCE.



RADWAY'S READY RELIEF.

THE GREAT EXTERNAL AND INTERNAL REMEDY,
STOPS THE MOST EXCRUCIATING PAIN IN A FEW MINUTES,
AND
RAPIDLY CURES THE PATIENT.

RADWAY'S READY RELIEF

Proves its superiority to all other Medicines at once.

ITS FIRST INDICATION

Is to relieve the sufferer of PAIN, no matter from what cause it may originate, or where it may be seated.

If in the Head, Face, or Throat;
If in the Back, Spine, or Shoulder;
If in the Arms, Breast, or Side;
If in the Joints, Limbs, or Muscles;
If in the Nerves, Teeth, or Ears;

Or in any other part of the body, its application to the part or parts where the pain exists will afford immediate relief.

IF SEIZED WITH PAIN

In the Stomach, Bowels, or Kidneys;
In the Bladder, Spleen, or Liver;
In the Teeth, Ears, or Throat;
In the Brain or Nervous System;

One teaspoonful of RADWAY'S READY RELIEF to a wineglass of water will, in a few minutes, restore the patient to ease and comfort.

If Lame, Crippled, or Bed-ridden;
If Palsied, Scalded, or Burned;
If Bruised, Wounded, or Cut;
If Strained, Injured, or Disabled;
If Sun-stroke, or seized with Fits;
If Weak in the Spine or Back;

RADWAY'S READY RELIEF

should be applied to the part or parts afflicted. It instantly relieves the patient from pain, and quickly heals, soothes, and strengthens the disabled parts. In all cases of Bites of Rabid Dogs, Reptiles, Stings of Poisonous Insects, the application of RADWAY'S READY RELIEF to the wound will prevent inflammation and mortification.

FEVER AND AGUE.

Persons exposed to the Malaria of Ague, or if seized with Chills and Fever, will find a positive Antidote and Cure in Radway's Ready Relief. Let two teaspoonsful of the Ready Relief, in a wineglass of water, be taken on getting out of bed in the morning, and however exposed to malaria you will escape.

WHEN SEIZED WITH

CHOLERA, or Diarrhoea, or Flux,
Dysentery, Cramps, and Spasms;
Billious Cholic, or Gastritis;
Scarlet, Typhoid, or other Fevers;
Influenza, Coughs, or Colds;
Inflammation of the Stomach or Bowels;

RADWAY'S READY RELIEF

SHOULD BE TAKEN INTERNALLY.

One dose will stop the pain; its continued use will, in a few hours, cure the patient.

HOW IT CURES.

The secondary indication of RADWAY'S READY RELIEF is to cure the patient of the disease or malady that occasions the pain; this it accomplishes rapidly and radically. So swift is the patient transformed from pain, misery, weakness, and decrepitude, to the delightful enjoyment of health and strength, that patients frequently ascribe its talismanic power to the supernatural influence of enchantment.

RHEUMATISM, LUMBAGO, GOUT, NEURALGIA, TOOTH ACHE, CROUP, INFLUENZA, SORE THROAT, QUINZY, DIPTHERIA, HOARSENESS, BRONCHITIS, STIFF JOINTS, ENLARGED TENDONS, HEADACHE, (Sick or Nervous,) ASTHMA, or HARD BREATHING.

It is truly marvellous how quick RADWAY'S READY RELIEF cures the sufferers of these maladies. The poor, crippled, and pain-stricken Rheumatic has not to wait days before a change takes place, but in a few minutes derives ease and comfort.

LONDON TIMES.

Twenty Years of Sleepless Nights.

Wm. Sydney Myers, Esq., of Havana, Cuba, the correspondent of the London Times, suffered with Acute and Chronic Rheumatism for twenty five years, and for twenty years he had not enjoyed one whole night's calm rest. He applied RADWAY'S READY RELIEF—it immediately gave him ease and secured him the first calm and undisturbed sleep during the twenty years. The continued use of the READY RELIEF cured him.

PREVENTION BETTER THAN CURE.
THERE IS NO OCCASION FOR SICKNESS.

When you first feel pain, then take a teaspoonful of the READY RELIEF, in water; or apply it to the parts where you feel the discomfort.

ALL MALIGNANT DISEASES

first give warning of their presence, and if met promptly before they become securely intrenched within the system, will be readily expelled.

SIGNS OF SICKNESS.

Headache, Pains in the Limbs—in the Stomach, Bowels, and Kidneys—Cold Chills, and Hot Flushes, Coated Tongue, Burning Skin, Nausea, Shivering, Dullness, Loss of Appetite, Restlessness, Giddiness, &c., &c., are premonitory symptoms of Malignant Diseases. One dose of the READY RELIEF is sufficient to break up and expel diseased action, and restore the patient to health.

IN THE ARMY.

Dysentery, Billious Cholic, Flux, Yellow, Typhoid and Malarius Fever, Rheumatism, Small Pox, Diptheria, Letters from Medical Directors, Surgeons, and Military Officers endorse the importance of RADWAY'S READY RELIEF over all other medicinal remedies.

EIGHTH MAINE.

Eighth Maine regiment, Serg't C P Lord, writes that Radway's Ready Relief saved the regiment from death while quartered at Tybee Island, S. C., when working in the swamps, erecting fortifications. Every man seized with Typhoid and other Fevers, Fever and Ague, Diarrhoea, Dysentery, Rheumatism, was cured by the use of the Ready Relief.

CAUTION.

In all cases ask for Radway's Ready Relief. Take no other. See that the signature of Radway & Co. is on the outside label of each bottle. Every agent is supplied with a new and fresh stock. Price 25 cents per bottle. Sold by Druggists, Merchants and country storekeepers.

RADWAY & CO.,
87 Maiden Lane, New York.

PICKLES, SAUCES, JAMS

&c., &c.;

(Free from Adulteration.)

Manufactured by

CROSSE & BLACKWELL,

PURVEYORS TO THE QUEEN,

SOHO SQUARE, LONDON

CROSSE & BLACKWELL'S VARIOUS first-class Manufactures are obtainable from every dealer in the Colony. Purchasers should insist on having C. & B's goods when they ask for them, as it is not at all unusual for inferior preparations to be substituted. Their Pickles are all prepared in Pure Malt Vinegar, and are precisely similar in quality to those supplied by them for use at

Her Majesty's Table.

C. & B. invite attention to the following—Pickles, Tart Fruits, Sauces of all kinds, Jams, Potted Meats, Durham Mustard, Orange Marmalade, Essence of Coffee, Calf's Foot, and other Table Jellies, Pure Mushroom Catsup, and numerous other articles, all of which are of the highest quality, and are prepared with the most complete attention to Purity and Wholesomeness. Their Salad Oil is the finest imported.

C. & B. are Agents for LEA & PERRINS CELEBRATED WORCESTERSHIRE SAUCE Carstair's Sir Robert Peel's Sauce, M. Soyer's Sauces, Relish and Aromatic Mustard, Payne's Royal Osborne Sauce, and Captain Whites' Oriental Pickle, Curry Powder and Paste, and Mulligatawny Paste, fe25 wy ly

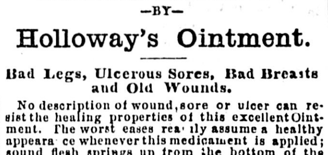
ALL CURES ARE EASY!!!



—BY—

Holloway's Ointment.

Bad Legs, Ulcerous Sores, Bad Breasts and Old Wounds.

No description of wound, sore or ulcer can resist the healing properties of this excellent Ointment. The worst cases readily assume a healthy appearance whenever this medicament is applied; sound flesh springs up from the bottom of the wound, inflammation of the surrounding skin is arrested, and a complete and permanent cure quickly follows the use of the Ointment.

Piles, Fistulas and Internal Inflammation.

These distressing and weakening diseases may with certainty be cured by the sufferers themselves, if they will use Holloway's Ointment, and closely attend to the printed instructions. It should be well rubbed upon the neighboring parts, when all obnoxious matter will be removed. A poultice of bread and water may sometimes be applied at bed time with advantage: the most scrupulous cleanliness must be observed. If those who read this paragraph will bring it under the notice of such of their acquaintances whom it may concern, they will render a service that will never be forgotten, as a cure is certain.

Rheumatism, Gout and Neuralgia.

Nothing has the power of reducing inflammation and subduing pain in these complaints in the same degree as Holloway's cooling Ointment and purifying Pills. When used simultaneously they drive all inflammation and depravitie from the system, subdue and remove all enlargement of the joints, and leave the sinews and muscles lax and uncontracted. A cure may always be effected, even under the worst circumstances, if the use of these medicines be persevered in.

Eruptions, Scald Head, Ringworm, and other Skin Diseases.

After fomentation with warm water, the utmost relief and speediest cure can be readily obtained in all complaints affecting the skin and joints, by the simultaneous use of the Ointment and Pills. But it must be remembered that nearly all skin diseases indicate the depravity of the blood and derangement of the liver and stomach; consequently in many cases time is required to purify the blood which will be effected by a judicious use of the Pills. The general health will readily be improved, although the eruption may be driven out more freely than before, and which should be promoted; perseverance is necessary.

Sore Throats, Diptheria, Quinsey, Mumps and all other Derangements of the Throat.

On the appearance of any of these maladies the Ointment should be rubbed at least three times a day upon the neck and upper part of the chest, so as to penetrate to the glands, as salt is forced into meat this course will at once remove inflammation and ulceration. The worst cases will yield to this treatment by following the printed directions.

Scrofula, or King's Evil, and Swelling of the Glands,

This class of cases may be cured by Holloway's purifying Pills and Ointment, as their double action of purifying the blood and strengthening the system renders them more suitable than any other remedy for all complaints of a scrofulous nature. As the blood is impure, the liver stomach and bowels being much deranged, require purifying medicine to bring about a cure.

Both the Ointment and Pills should be used in the following cases:

Bad Legs
Bad Breasts
Burns
Bunions
Bite of Mosquitoes and Sand-Flies
Coco-bay
Scalds

Chiego-foot
Chilblains
Chapped Hands
Corns (Soft)
Cancers
Contracted and Stiff Joints
Elephantiasis

Fistulas
Gout
Glandular Swellings
Lumbago
Piles
Rheumatism

Sore-throats
Skin-disease
Scurvy
Sore-heads
Tumours
Ulcers
Wounds
Sore Nipples

Sold at the establishment of Professor Holloway, 244 Strand (near Temple Bar) London; also by all respectable Druggists and Dealers in Medicines throughout the civilized world at the following prices:—1s. 1½d; 2s. 9d; 4s 6d, 11s., 22s., and 33s each Pot.

☞ There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients every disorder are affixed to each Pot. oc1

BUCKEYE MOWER.

TO FARMERS:

WE, WITH GREAT CONFIDENCE, offer the Buckeye Machine for this reason: Knowing it to be superior to any Mower for sale, and that it will sustain the reputation it has made for the past three years in surpassing any other Mower in the following respects:

Being better Made; much Stronger and more Durable; will Run Lighter; Cut much closer with greater ease to the team, and no side draught.

We can bring twenty Farmers to say the BUCKEYE is SUPERIOR to any Mower, to one who can be found prejudiced against it.

The Buckeye Mowers are of two sizes, cutting 4 feet, and 4 feet 8 inches.

The "Buckeye" as a Reaper.

The important advantages which belong to the BUCKEYE as a mower are retained in the Reaper, and can be used either as a Mower or Reaper by attaching the Platform and Reel.

Though importing largely of them, we have been unable, for two years, to supply the demand.

They are better adapted to the wants of California Farmers than any Combined Machine for sale. It will adapt itself to every surface of ground, will run lighter and deliver its grain easier and better than any other Reaper. The Reaper's seat is directly over the axle of the Machine, instead of being on the Platform, where it adds greatly to the draught.

WE ARE SOLE AGENTS

In San Francisco and Marysville for the

Haines "Illinois" Header.

This is the only Header, which, during the past six years has stood the test and given satisfaction; all others which have been tried have proved failures, and have been withdrawn from the Market as unsaleable.

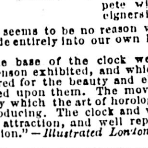
BENSON'S WATCHES & CLOCKS

WATCH AND CLOCK MAKER, BY SPECIAL APPOINTMENT, TO HIS ROYAL HIGHNESS THE PRINCE OF WALES.

Opinions of the London Press upon Benson's Great Clock and Watches in the Exhibition, 1862.



"As a sample of English clock-work on a large scale, the works of this are probably the finest finished that have ever been seen in this country. No Chronometer could be fitted with more perfect or carefully adjusted mechanism.—*Times*, June 11, 1862.

"A triumph of ingenuity.—*Telegraph*, March 31, 1862.

"A more splendid and exquisitely finished piece of mechanism we have never seen."—*Standard*, June 7, 1862.

"Some of them are of great beauty, and if the English watch trade only follow up with the same spirit and success this first attempt to compete with foreigners in decorative watches, there seems to be no reason why we should not get the trade entirely into our own hands."—*Times*, June 23, 1862.

"Ranged around the base of the clock were the Watches which Mr. Benson exhibited, and which have been universally admired for the beauty and elegance of the designs engraved upon them. The movements are of the finest quality which the art of horology is at present capable of producing. The clock and watches were objects of great attraction, and well repaid the trouble of an inspection."—*Illustrated London News*, November 8th, 1862.

Keating's Cough Lozenges.

THIS WORLD RENOWNED MEDICINE, which has obtained such celebrity in all parts of the globe in the cure of Cough, Asthma, Hoarseness, Incipient Consumption, and other affections of the Chest and Pulmonary Organs, is strongly recommended to all suffering from any of the above disorders, as One Trial will be sufficient to prove their undoubted efficacy, being frequently used under the recommendation of the most eminent of the Faculty.

IMPORTANT TESTIMONIAL.

MELBOURNE, Port Philip,

DEAR SIR,—I duly received per Maitland the case of Lozenges, and have much pleasure in saying that they have met with a ready sale,—therefore, send me now the value of ten pounds, that is, double the last sent, packed in two cases with Tins, &c., as before.

The Lozenges require only to be tried, and I am sure the sale will be immense. I am not an advocate for Proprietary Medicines in the general way, but assure you that the Lozenges have done so much good in almost every case in which we have recommended them, that I believe them better adapted to this climate than anything else we have seen used.

Believe me, dear Sir, yours faithfully,
DANL. R. LONG.

Mr. Thomas Keating.

Prepared and sold in Boxes and Tins of various sizes, by Thomas Keating, Chemist, &c., No 79 St Paul's Church Yard, London. Sold retail by all Druggists and Patent Medicine Venders in the world.

N. B.—To prevent spurious imitations, please to observe that the words "KEATING'S COUGH LOZENGES" are engraved on the Government Stamp of each Box.
